

BUDGET BASICS

The Government of Saskatchewan Budget includes the full nature and extent of the financial affairs and resources controlled by the Government based on standards established by the Public Sector Accounting Board (PSAB), which are used to prepare the Summary Financial Statements (SFS).

The determination of control – the power to govern the financial and operating policies of another entity with the expectation of benefits or risks from the other entity’s activities – requires consideration of the particular circumstances of each case. As a result, Canadian jurisdictions may reach different conclusions about entities that provide similar services when assessing control for their provincial entities.

The budget classifies the entities in the Government Reporting Entity (GRE) as government business enterprises (GBEs), government service organizations (GSOs) or partnerships.

GBEs are self-sufficient and have the financial and operating authority to sell goods and services to individuals and entities outside the GRE as their principal activity. These entities include:

- Municipal Financing Corporation of Saskatchewan
- Saskatchewan Auto Fund
- Saskatchewan Government Insurance
- Liquor and Gaming Authority
- Lotteries and Gaming Saskatchewan
- Saskatchewan Power Corporation
- Saskatchewan Telecommunications Holding Corporation
- Saskatchewan Water Corporation
- SaskEnergy Incorporated
- Workers’ Compensation Board (Saskatchewan)

Partnerships are contractual relationships between the Government and one or more partners outside the GRE where the partners share control of governance decisions and, on an equitable basis, the risks and benefits of partnership.

All other entities in the GRE are GSOs. GSOs typically provide public services and receive government grants to sustain their operations. Some GSOs may sell services but are not self-sufficient and require subsidization. GSOs include government ministries as well as entities like school boards and regional colleges.

A list of all entities included in the GRE is provided starting on page 6.

SPENDING AUTHORITY

Spending authority for government ministries is provided by the Legislative Assembly through approval of the Budget Estimates and appropriation acts. Spending authority for other entities is provided through their separate legislation.

ACCOUNTING BASIS

The budget and supporting schedules are prepared on a basis consistent with PSAB standards used in the province's SFS that are published in the Public Accounts – Volume 1. The most recent Public Accounts are available in the Ministry of Finance publications at: <http://publications.saskatchewan.ca/>

The method of consolidation in the budget is consistent with the policies described in the SFS. The budgeted revenue and expense of GSOs and partnerships are consolidated after adjusting for significant differences in accounting policies and eliminating significant inter-entity transactions. For partnerships, only the Government's proportionate share of revenues, expenses and transactions are consolidated. Budgets for GBEs are included as a single amount using the modified equity method, which consists of the Government's proportionate share of net earnings or losses.

The budget is prepared for the Government's fiscal year ending March 31. Government entities included in the budget may have different fiscal years and different budget development cycles. As a result, the revenue and expense projections included in the budget may not always represent an entity's final board-approved budget. Inclusion of preliminary or projected plans for those entities does not lessen or replace the governance responsibility of the individual boards of directors to develop and approve formal budgets.

For those entities whose fiscal year-end is not March 31, the budget includes the entity's budget for the most recent fiscal year ending before March 31. Adjustments are made for any significant transactions in the period between the entity's fiscal year-end and the Government's March 31 year-end.

PENSION LIABILITIES AND EXPENSE

Pensions are budgeted using the accounting policies described in the SFS. The budgeted Schedule of Pension Liabilities includes the pension obligations for all GSOs.

DEBT

Gross debt is the amount of money owed to lenders through the issuance of debt instruments such as promissory notes and debentures.

Gross debt is comprised of General Debt and GBE-specific debt. GSOs issue general debt, either through the General Revenue Fund (the primary operating account of the Government of Saskatchewan) or by borrowing directly on their own behalf.

GBE debt includes both general debt and GBE-specific debt, which is incurred primarily for investment in infrastructure and business development initiatives which generate revenue streams to service the debt.

Gross debt can also be categorized as Taxpayer-Supported Debt and Self-Supported Debt. Taxpayer-Supported Debt is debt of government entities that are not GBEs and includes amounts borrowed by Executive Government for the purpose of the General Revenue Fund (GRF) operations, the Saskatchewan Capital Plan, and other GSOs. Self-Supported Debt is debt borrowed for GBEs that is supported by business operations.

REVENUE

Revenue is classified into five categories: taxation, non-renewable resources, net income from GBEs, other own-source revenue and transfers from the federal government.

- Taxation revenue is primarily collected by the GRF and includes individual and corporation income tax, provincial sales tax, property tax, fuel tax, tobacco and vapour products tax, cannabis tax, insurance tax and capital tax on financial institutions and Crown corporations.
- Non-renewable resources revenue is collected as royalties and freehold taxes on potash, oil and natural gas, helium, uranium, coal, and other minerals. It also includes proceeds from Mineral Disposition Public Offerings and the resource surcharge levied on the value of oil, potash, natural gas, uranium and coal sales.
- Net income from GBEs represents the net income of all GBEs included in the SFS on a modified equity basis.
- Other own-source revenue is made up of fees for services, licenses, proceeds from the sale of goods and services, premiums collected by insurance entities, investment income, transfers from other governments and other miscellaneous sources of revenue. Most entities generate own-source revenue.
- Transfers from the federal government is comprised primarily of the Canada Health Transfer and the Canada Social Transfer, as well as transfers under other agreements with the federal government for infrastructure, housing and agricultural programs.

EXPENSE

Expense is classified into eleven themes, as follows:

- The *agriculture theme* includes expenses to assist and improve the agriculture and food industry through development activities including research, education, regulation and investment in the sector as well as providing direct support to farmers through loans, income stabilization and insurance programs.
- The *community development theme* includes expenses to maintain and develop engaged and vibrant communities, including financial assistance and infrastructure funding to local governments and other authorities, which in turn provide community services. Community development also includes funding directed to specific community services such as sport, culture, arts, and heritage that improve quality of life.
- The *economic development theme* includes expenses to strengthen, expand and diversify Saskatchewan's economy as well as to promote trade and growth in export markets. The expenses arise from activities such as research, marketing, product development, financing, financial assistance, technology and infrastructure. Economic development also includes the strategic management of Saskatchewan's non-renewable resources to support future economic activity.
- The *education theme* includes expenses to develop and maintain a quality prekindergarten through post-secondary education system which is designed to impart knowledge and information, including activities that encourage ongoing learning and the acquisition of specialized skills as well as providing supports to help students be successful.
- The *environment and natural resources theme* includes expenses to protect and improve the quality of the environment through: the management of fish, wildlife, forests and land; recycling; and the prevention and clean-up of environmental hazards.
- The *financing charges theme* includes expenses associated with general debt including interest, foreign exchange gains and losses, discounts and premiums, fees and commissions. It also includes financing costs related to pension and other employee future benefits liabilities, obligations under long-term financing arrangements such as public-private partnerships and capital lease obligations.
- The *general government theme* includes expenses for centralized government services including: government contributions to, and management of, employee benefit plans; property, vehicle and information technology management; the collection of government revenues; the formation of budgetary policy; the preparation and audit of the government's public accounts; and the constitutional, political and law enactment aspect of the Government.

- The *health theme* includes expenses to support, maintain and restore the physical and mental health of Saskatchewan residents. Health expense primarily includes: the delivery of health services through acute, emergency, rehabilitative, long-term, community-based, and home-based care; cancer prevention, diagnosis and treatment programs; the prevention and control of infectious diseases; the subsidization of prescription drugs; and the education and promotion of healthy lifestyles.
- The *protection of persons and property theme* includes expenses to promote and ensure the security, safety and protection of residents and property which is mainly achieved through a fair justice system, policing programs and supervision and rehabilitation services for offenders. Protection of persons and property also includes: services that promote, support and enforce safe work practices and employment standards; provincial emergency management through 911 services, public safety, disaster assistance and wildfire management; and victims' services.
- The *social services and assistance theme* includes expenses to provide financial assistance and services to individuals and families in need because of poverty, abuse, neglect and disability. This includes income support programs, accessible and safe housing, child protection services, adoption services and providing life's needs to persons with intellectual disabilities.
- The *transportation theme* includes expenses for the development, construction and maintenance of an integrated provincial transportation system using highways, rural roads, bridges, ferry crossings, airstrips and communication networks.

GOVERNMENT ENTITIES

The government reporting entity consists of entities classified as government service organizations, government business enterprises or partnerships. The listing below reports the entities under these classifications segregated by segments which are based on functional groupings of activities, or themes.

Government Service Organizations and Partnerships by Theme

Agriculture

Agricultural Credit Corporation of Saskatchewan
Crop Reinsurance Fund of Saskatchewan
Ministry of Agriculture
Prairie Agricultural Machinery Institute
Prairie Diagnostic Services Inc. (*partnership - entity under shared control*)^{1a}
Saskatchewan Agricultural Stabilization Fund
Saskatchewan Crop Insurance Corporation

Community Development

Community Initiatives Fund
Government House Foundation
Ministry of Education^{2b}
Ministry of Government Relations^{2a}
Ministry of Parks, Culture and Sport^{2a}
Northern Municipal Trust Account^{1d}
Provincial Archives of Saskatchewan
Provincial Capital Commission
Saskatchewan Arts Board
Saskatchewan Centre of the Arts Fund
Saskatchewan Heritage Foundation
Saskatchewan Lotteries Trust Fund for Sport, Culture and Recreation
Saskatchewan Snowmobile Fund
Western Development Museum Fund

Economic Development

Creative Saskatchewan
CIC Asset Management Inc.^{2a}
Global Transportation Hub Authority
Innovation Saskatchewan
Ministry of Energy and Resources
Ministry of Environment^{2b}
Ministry of Finance^{2b}
Ministry of Immigration and Career Training^{2b}
Ministry of SaskBuilds and Procurement^{2b}
Ministry of Trade and Export Development
Saskatchewan Health Research Foundation
Saskatchewan Indigenous Investment Finance Corporation³

Saskatchewan Research Council^{2a}
SaskBuilds Corporation
Tourism Saskatchewan

Education

Battlefords First Nations Joint Board of Education (*partnership – entity under shared control*)^{1c}
Boards of Education^{1c}
Chinook School Division No. 211

Christ the Teacher Roman Catholic Separate School Division No. 212
Conseil des écoles fransaskoises no. 310
Creighton School Division No. 111
Good Spirit School Division No. 204
Holy Family Roman Catholic Separate School Division No. 140
Holy Trinity Roman Catholic Separate School Division No. 22
Horizon School Division No. 205
Ile-a-la Crosse School Division No. 112
Light of Christ Roman Catholic Separate School Division No. 16
Living Sky School Division No. 202
Lloydminster Roman Catholic Separate School Division No. 89
Lloydminster School Division No. 99
North East School Division No. 200
Northern Lights School Division No. 113
Northwest School Division No. 203
Prairie South School Division No. 210
Prairie Spirit School Division No. 206
Prairie Valley School Division No. 208
Prince Albert Roman Catholic Separate School Division No. 6
Regina Roman Catholic Separate School Division No. 81
Regina School Division No. 4
Saskatchewan Rivers School Division No. 119
Saskatoon School Division No. 13
South East Cornerstone School Division No. 209
St. Paul's Roman Catholic Separate School Division No. 20
Sun West School Division No. 207
Ministry of Advanced Education^{2a}
Ministry of Education^{2a}
Ministry of Immigration and Career Training^{2a}
North Central Shared Facility (*partnership – 72.9 per cent interest in asset and 69.7 per cent interest in operations under shared control*)^{1c}
Regional Colleges^{1b}
Carlton Trail College
Cumberland College^{4a}
Great Plains College
North West College
Northlands College
Parkland College^{4a}
Southeast College
Suncrest College^{4a}
Saskatchewan Apprenticeship and Trade Certification
Commission^{1b}
Saskatchewan Distance Learning Corporation³
